THE WILLIS LAW GROUP

Erich L. Schenk
Senior Counsel

Houston, TX Office:
17040 El Camino Real
Suite 300
Houston, TX 77058

Erich Schenk has an established track record as a zealous advocate for his clients. He focuses on tort and commercial litigation disputes, regularly prevailing in matters involving catastrophic personal injury and complex commercial and business issues, as well as transportation matters.

With a litigation style often described as disarming and folksy, Erich is an accomplished trial attorney who believes in obsessively knowing the facts of each case – and litigating as if every case will be tried.

He begins each matter establishing how complex legal issues can be effectively communicated to a jury. Through his process, he ascertains the case strengths and weaknesses and strategizes on how best to exploit or defend each.

Erich's trial-centric approach puts his clients in a position to resolve matters favorably and efficiently. Even though not all of his cases culminate in the courtroom, his clients appreciate the depth of the team's preparation and trial readiness.

Prior to joining The Willis Law Group, Erich was a senior attorney at Texas-based and national litigation firms. He has successfully tried many insurance defense and commercial litigation cases to verdict. He also was a senior attorney for various boutique litigation firms, as well as counsel for residential and commercial property owners.

Erich earned his J.D. from South Texas College of Law. He holds a B.S. in business and economics from Trinity University.

Outside of his work, Erich enjoys being outdoors, going to the beach with his wife, spending time with his ever-growing family, and being entertained by the family dog Boss.
